## DO's and DON'Ts

A. Users should not keep online trade file open else auto updation of Trade file will not happen.

B. To view trades, user should copy trade file from OTD Folder and save the trade file in different location. It is recommended to take the copy of file rather than reading file directly from the location where we are writing data in file.

C. Do not close OTD.exe once the online trade file is downloaded. If OTD.exe is closed, auto updation of trades in online trade file will not happen.
