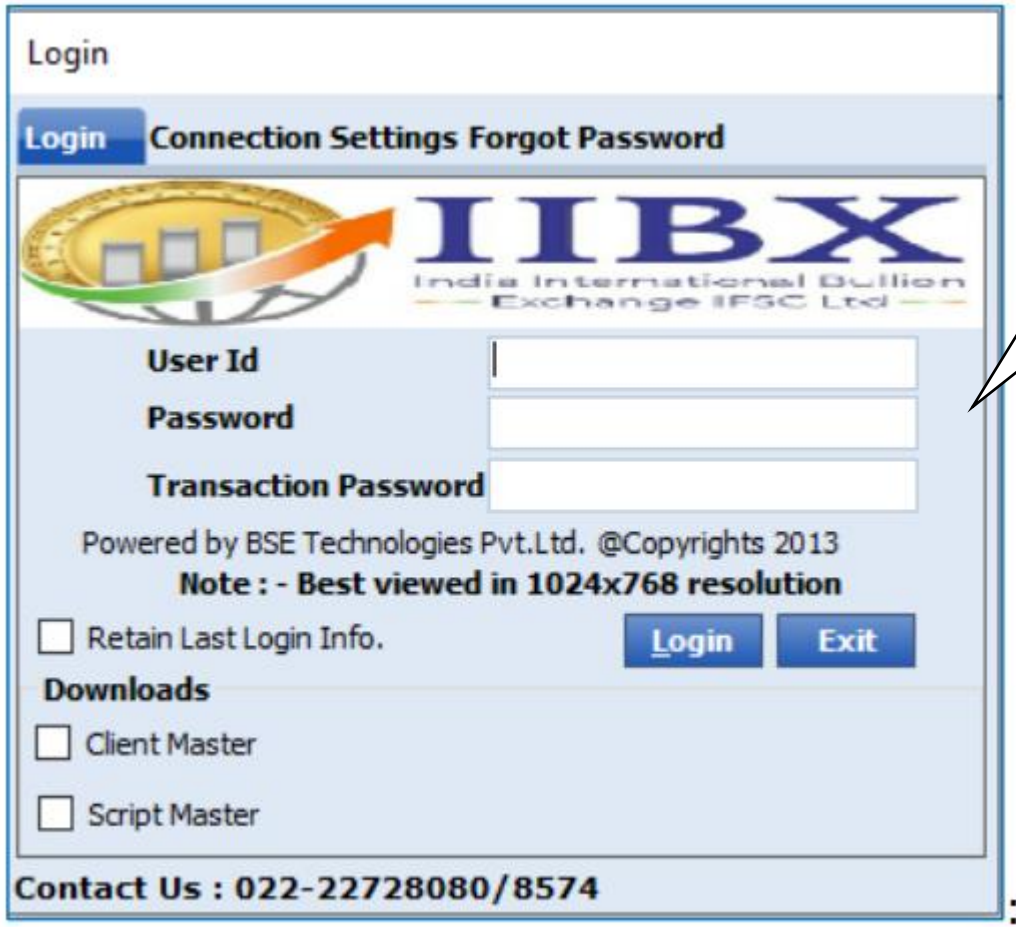
Guide on

IIBX
India International Bullion
Exchange IFSC Ltd

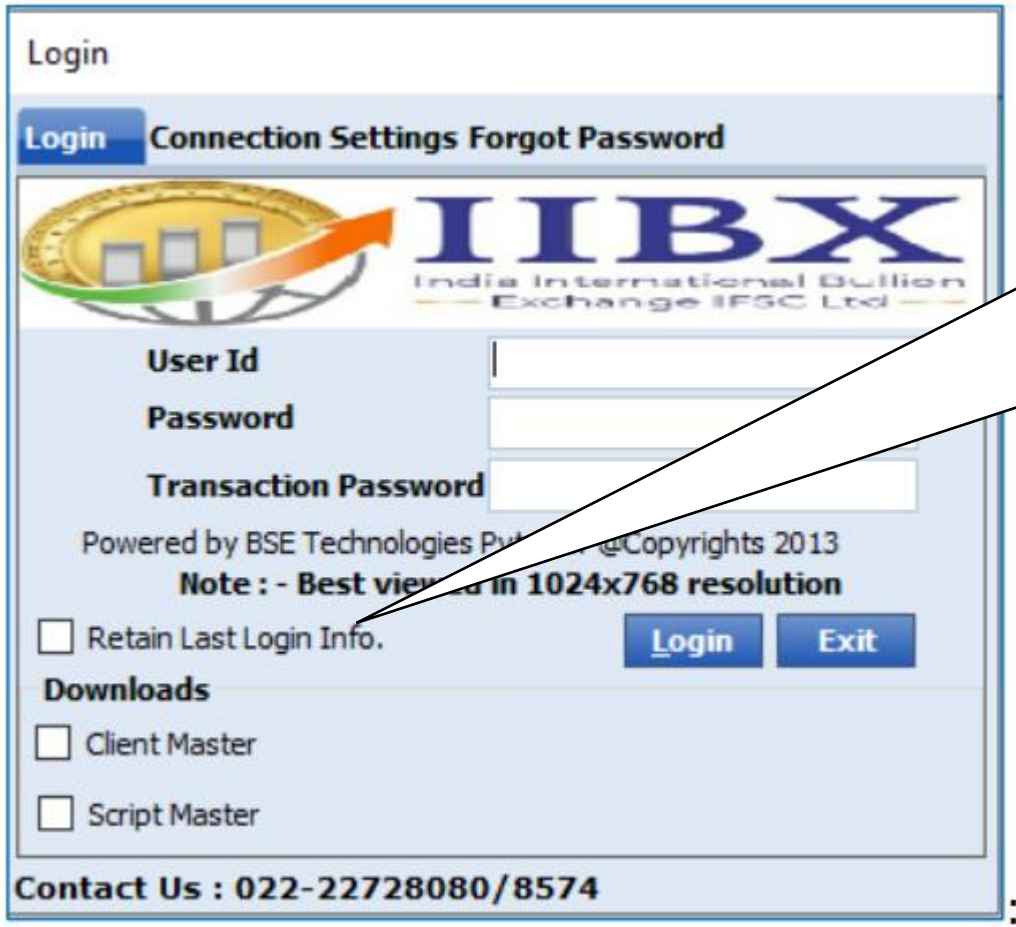
Trading Application

Login Screen: IIBX Trading Application



A. Enter User Id, Password shared by IIBX / TM

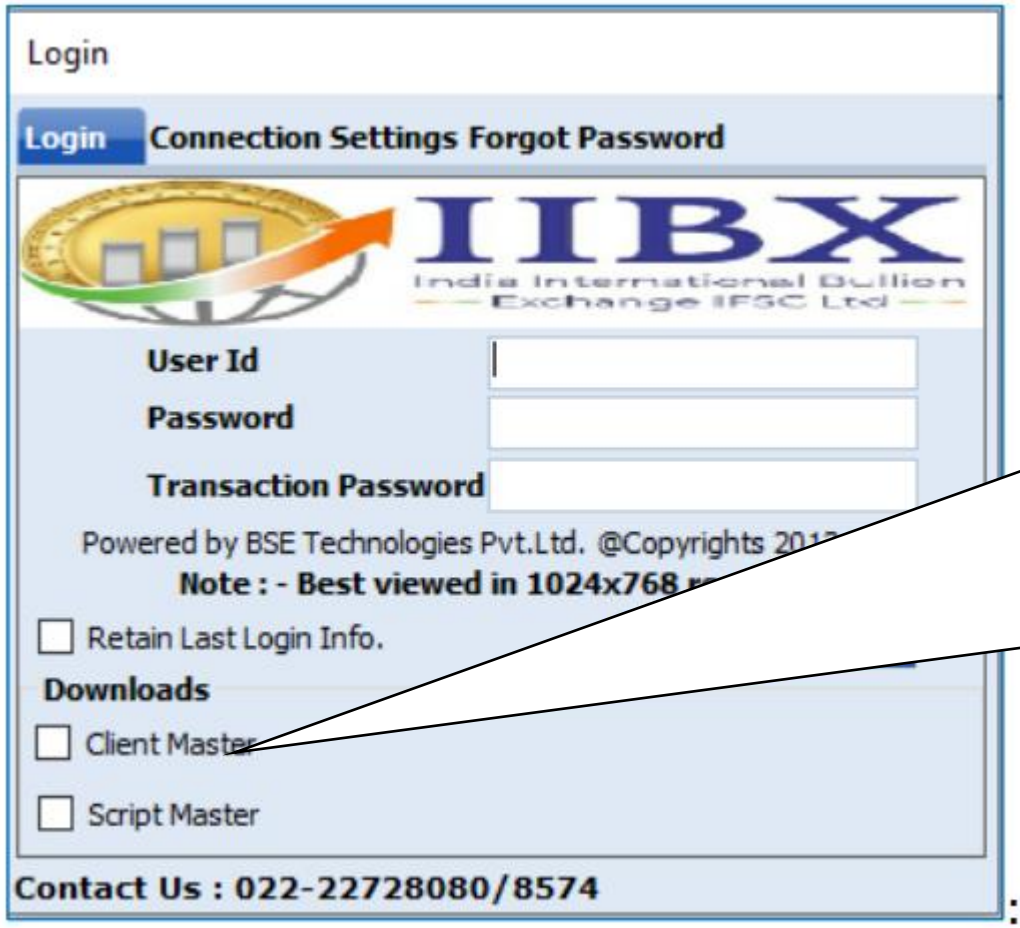
Login Screen: IIBX Trading Application



B. Check mark on the "Retain Last Login Info" Button:

This would facilitate the user ID to be stored in the Front end on the Next Login i.e. the user

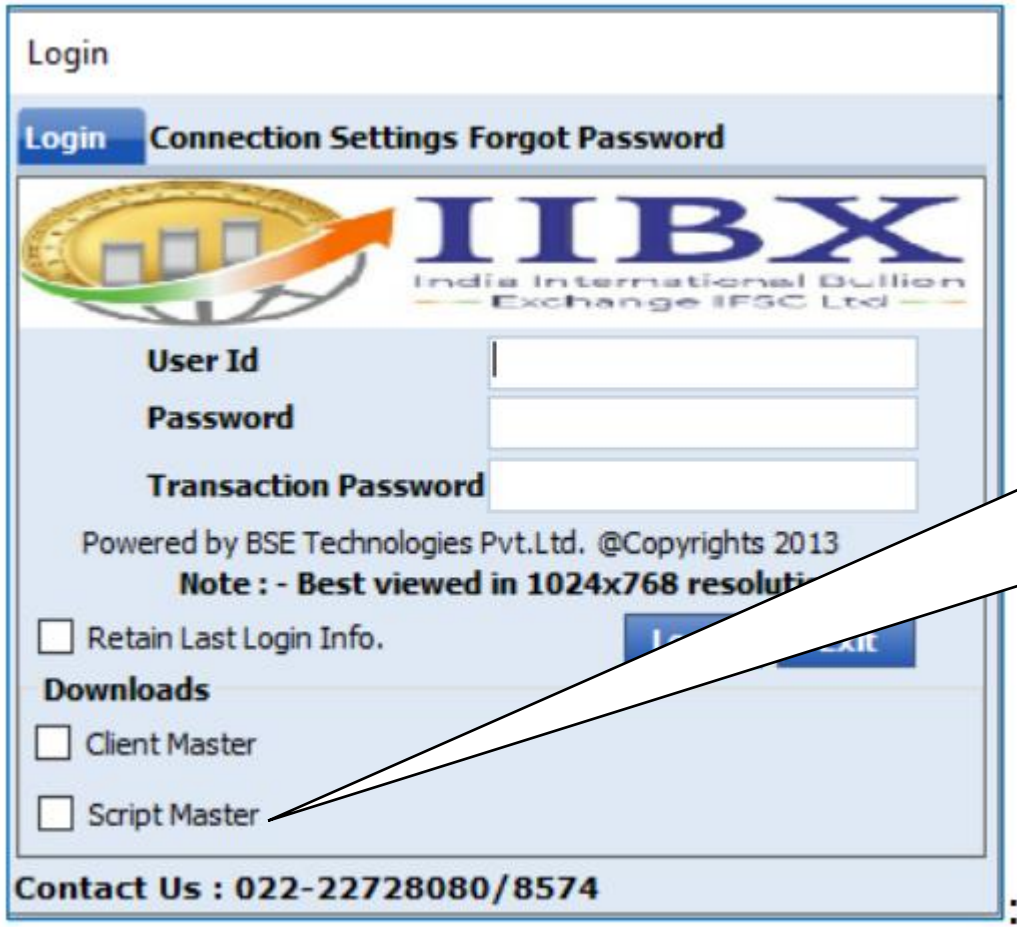
Login Screen: IIBX Trading Application



C. Check mark on the "Client Master" Button:

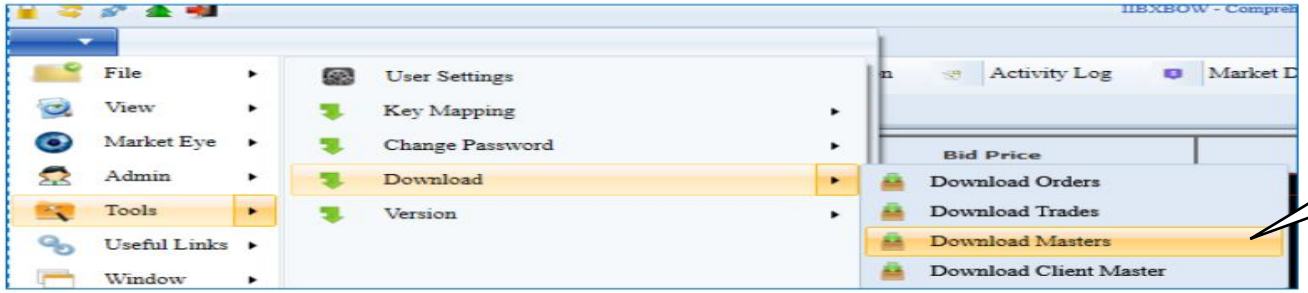
This enables the user to download the latest client master i.e. all the users that are mapped under the Dealer /Administrator. This is mandatory if the new user ID is created or mapped under the Dealer.

Login Screen: IIBX Trading Application



D. Check mark on “Script Master” Button:

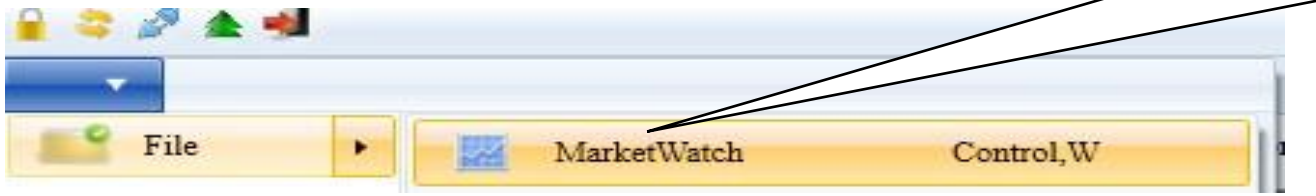
This option downloads the latest Scrip/contract master. This enables the user/ dealer to be updated with latest exchange masters.



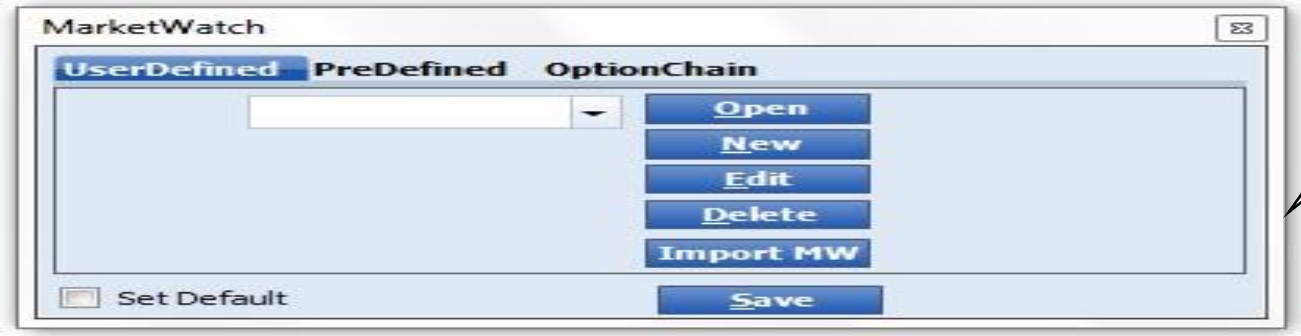
Alternatively, on successful login there is also provision to download the latest exchange masters from the below menu.

MarketWatch / Touchline (MW)- (Menu based & Shortcut key)

Go to the Drop down
>> File Menu >> MarketWatch Menu

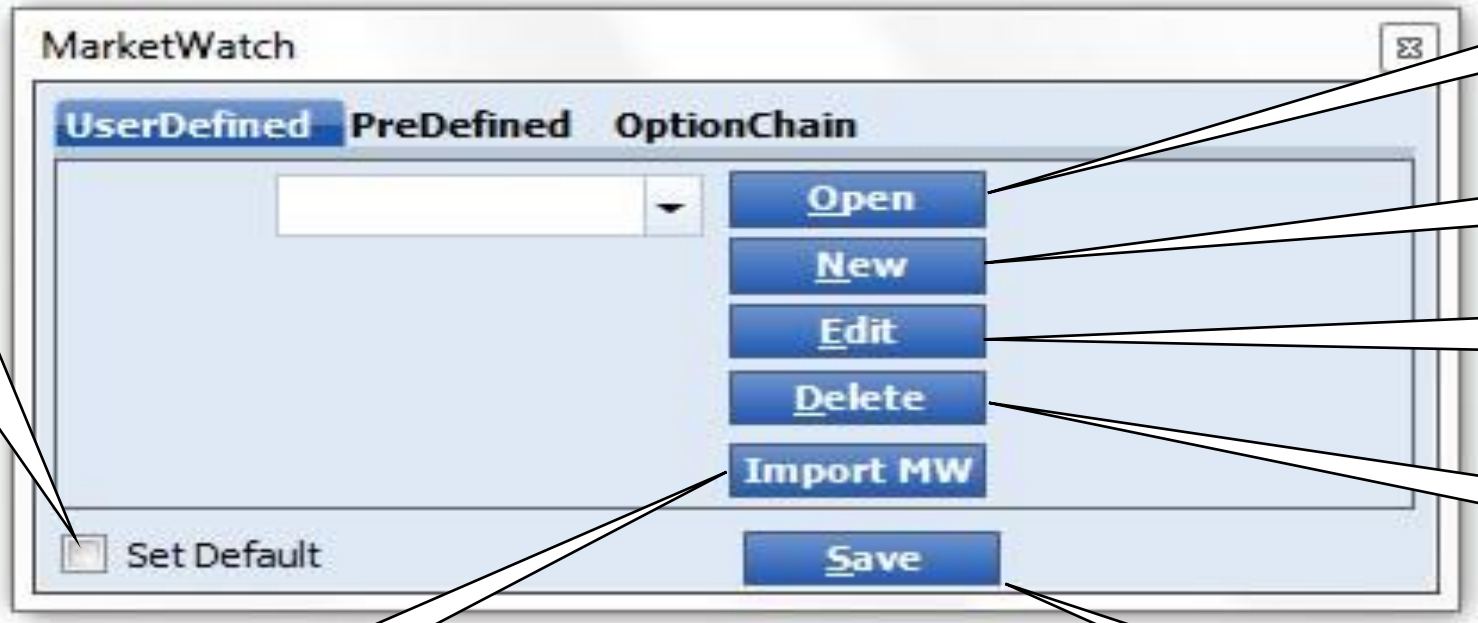


>> Short Key: Ctrl + W
Market Watch window would be open



MarketWatch User Defined

Click on ‘Set Default’ option after selecting the MarketWatch in the drop down to set the default MW. Default market watch would open on every successive Login.



Click on ‘Open’ to open any existing MarketWatch

Click on ‘New’ to create a new MarketWatch

Click on ‘Edit’ to select / de-select columns in existing MarketWatch

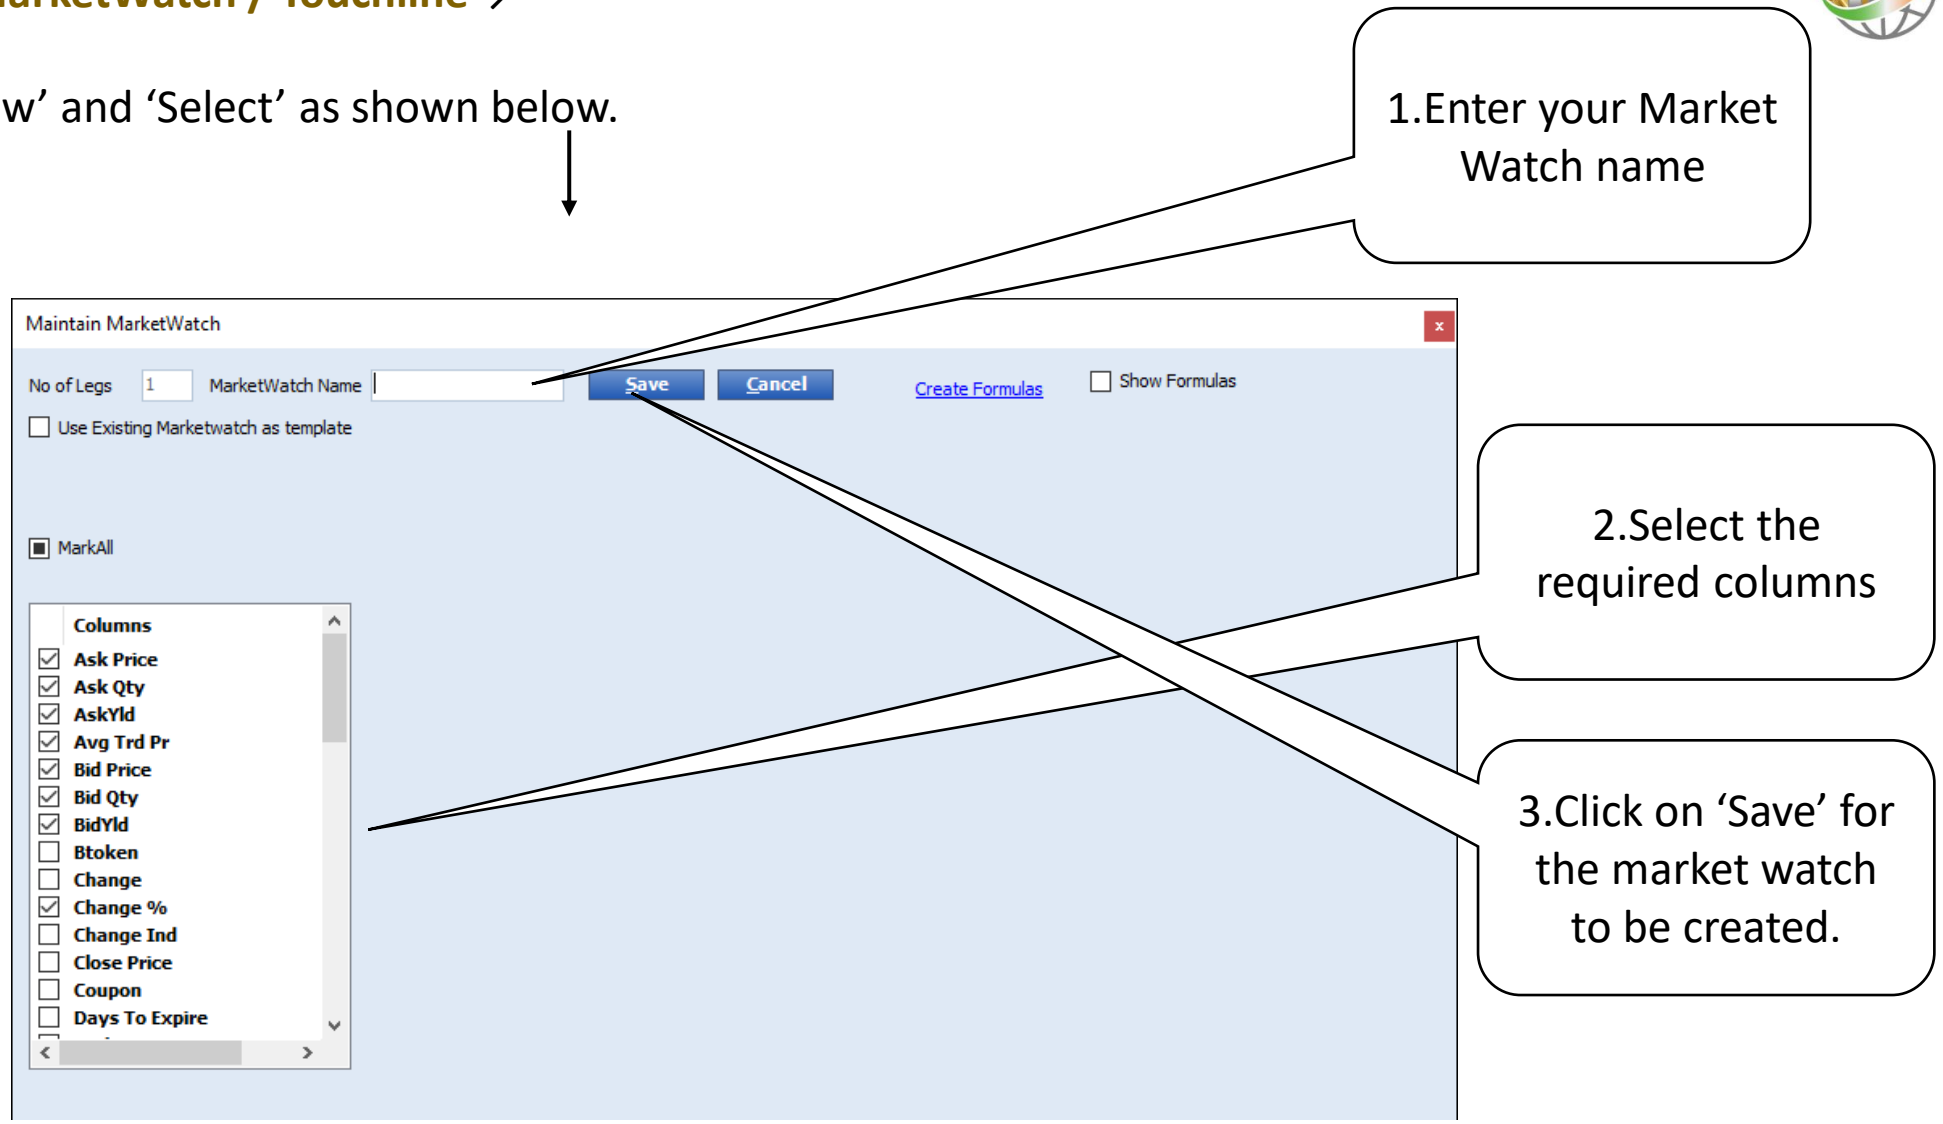
Click on ‘Delete’ to delete the selected MarketWatch

Click on ‘Import MW’ to import MarketWatch saved from another user of IIBX BOW Terminal

Click on ‘Save’ for the market watch to be created.

Create New MarketWatch / Touchline→

- Click on ‘New’ and ‘Select’ as shown below.



- Click on ‘Save’ for the market watch to be created.
