In accordance with the provisions of the Rules, Regulations and Bye-Laws of the Exchange, Members are hereby informed that the Exchange is implementing a new Bullion SPOT Trading and Clearing Platform.

In continuation of Circular No. 20231212-7 dated December 14, 2023, issued in respect of the Back-Office file formats, the Members of the Exchange are hereby notified as under:

**File Formats for Back-Office Software :** The Exchange has endeavored to retain the existing Back-Office file formats, to the extent feasible, with a view to minimizing the changes required in the Back-Office Software of Members. The revised Back-Office file formats applicable to the new Bullion SPOT Trading and Clearing Platform are annexed to this Circular.

**Implementation by Members :** Members are advised to undertake the necessary changes and/or upgrades, as may be required, in their respective Back-Office Software to ensure compatibility with the revised file formats and seamless continuity of their operations. Members are also advised to coordinate with their respective Back-Office Software vendors, wherever applicable, and ensure that the required changes are implemented and tested within the stipulated timelines.

**Applicability :** Members may please note that the aforesaid revised file formats shall become applicable only upon the Go-Live of the new IIBX SPOT Trading and Clearing Platform, which is tentatively scheduled for August 27, 2026. The Go-Live date shall be confirmed separately by the Exchange through appropriate communication.

Members are advised to take note of the above and ensure necessary preparedness and readiness at their end for a smooth and seamless transition to the new platform.
